DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1-3 and 6-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claims 1 and 12, it is indefinite as to how passageways 5 and 6 are 100 to 140 degrees from each other.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 6, 7 and 9-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Leonard.

In regard to claims 1-3, 6 and 7 the Leonard reference discloses a "device" (see Figure 3) for accurately metering a food product comprising a "housing outer part" 20 and an "inner metering part" 24 having a "dosing chamber" (unlabeled) and a "piston block" 60 slideably mounted therein, the housing outer part comprising "three passageways" (54, 55, 50, 51 and 48), and the dosing chamber being so constructed and arranged so as to alternately connect two of the three passageways of the outer part, as claimed. Further, if one takes the angle from passageway 48 to passageway

56 (clockwise or counterclockwise) as seen in Figure 3, the angle is approximately 120 degrees.

In regard to claim 9, see the "recessed ends" 58 in Figure 3.

In regard to claims 10 and 11, the device has "inlets" (50 and 51) and "outlets" (54 and 55).

Allowable Subject Matter

Claim 12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 8 and 13-15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claims 1-15 have been considered but are moot in view of the new ground(s) of rejection.
